

WHAT DO STUDENTS SAY?

We surveyed over 1300 students. This is what they told us.

90.2%

90.2% of students using Contraseña were satisfied with their progress in the course

I really enjoyed that Contraseña constantly kept me exposed to the material I was learning. I never felt as though I was lagging behind or wasting my time. Everything introduced was extremely useful and was available on a platform that gave me a lot of control over my learning.

– Student from the University of Virginia

95.7%

95.7% of students felt the content and activities prepared them for the end-of-unit proyectos

They weren't just activities for the sake of doing work. They really helped me understand the grammar and vocabulary for each unit.

– Student from Arizona State University

90.3%

90.3% of students felt the *LINGROFOLIO* proyectos gave them an opportunity to showcase what they learned

I enjoyed how in depth and creative they were. Many projects I did in my high school Spanish classes were extremely repetitive, but these proyectos made me think a little deeper.

– Student from San José State University

91.3%

91.3% of students felt the platform was easy to use

I love how each unit is organized...it was so easy to get the hang of (the platform) and find resources.

– Student from Texas Tech University
